Workshop description

How can Greek municipalities tackle energy poverty and achieve carbon neutrality while developing long-term plans and viable business models?

This capacity workshop will serve as a platform for Greek municipalities, energy communities and energy service providers to brainstorm together and come up with feasible solutions for concrete and future-proof pathways to counteract energy poverty and achieve carbon neutrality through energy collective actions, energy efficiency services and other renewable solutions.

The workshop will be moderated in Greek and will take place at the [Airotel Stratos Vassilikos Hotel](#) in Athens on Friday, 7 October from 11:00 to 14:00 EET (GMT+3).
